

Agent X™

Publish Date: January 2020

For Commercial and Industrial Use Only

PRODUCT DESCRIPTION

Agent X™ is powered by naturally derived plant-based ingredients, and is a safer way to clean surfaces, neutralize bacteria and remove odors. An instantly reactive formula, proven to kill odor-causing bacteria and microorganisms, Agent X™ provides a naturally powerful alternative to bleach or quat-based cleaning.

FEATURES

- Effectively kills odor-causing bacteria on food contact surfaces.
- Effectively kills odor-causing bacteria on non-food contact surfaces.
- Kills bacteria that cause spoilage, deterioration, or fouling materials on a variety of surfaces, textiles, and paper products.
- Kills bacteria that cause fouling in cooling towers.
- Kills odor-causing bacteria.
- Effectively controls the growth of algae.
- Neutralizes and removes odors.
- Removes mold stains from surfaces such as patios, decks, and most other structures.
- Kills and controls microorganisms infectious only to animals.

Directions of use as an Antimicrobial

- Agent X™ was diluted at 2 ounces per gallons, 1:64 Dilute, for EPA Tests and FIFRA Kill Claims.

Ready to Use

- The ready to use packaging comes premixed at a 1:32 Dilution, 4 ounces per gallon, which is the dilution to control microorganisms infectious to animals.
- We have increased the dilution from 1:64, 2 ounces per gallons, to 1:32 Dilution, 4 ounces per gallon, to provide faster results as a antimicrobial treatment and the ability to have a ready to use solutions for control of microorganisms infections only to animals.

Ready to Dilute

- Dilute 2 ounces per gallon; 1:64 Dilute
 - For antimicrobial treatment for any surface
- Dilute 4 ounces per gallon; 1:32 Dilute
 - For control of microorganisms infectious to animals
- Dilute 16 ounces per gallon; 1:8 Dilute
 - For mold removal
- Please see the safe handling and use instructions for additional dilution proportions.

Application Methods

- Spray & Leave
- Spray & Wipe
- Fogging
- Electrostatic

Technical Information

Agent X™ is exempt from EPA registration under minimal risk pesticides exemption FIFRA sec.25 (b) EPA FIFRA Exempt Product

CONTAINS:	
ACTIVE INGREDIENTS:	
Citric Acid	00.55%
Lemongrass Oil	00.15%
OTHER INGREDIENTS:	99.30%
Water	
Soap Bark (Quillaja Saponin)	
Stearic Acid	
TOTAL:	100%

Storage and Disposal

- **Storage:** Store in a cool, dry area, out of reach of children.
- **Disposal:** Non-Refillable. Do not reuse or refill this container. Offer for recycling, if available.

SAFE HANDLING AND USE INSTRUCTIONS

Surfaces must be pre-cleaned prior to treatment with Agent X™

Use Description:	Dilute Ratio	Recommended Contact Time
Odor control on food contact surfaces	1:32	1 Minute
Odor control on non-food contact surfaces	1:64	1 Minute
Control of spoilage, deterioration, and fouling on non-porous surfaces	1:10	2 Minutes
Control of bacteria in cooling towers	100 ppm (100milligrams/liter) dose	
Recommended control of odor causing bacteria	1:64	1 Minute
Control of algae growth	20ppm (20milligrams/liter) recommended dose. Initial dose of 20 ppm can be followed as required with 5-10ppm doses	
Neutralization and removal of odors	1:64	1 Minute
Removal of mold stains from surfaces	1:10	3 Minutes
Control of microorganisms infectious only to animals	1:32	2 Minutes

**KEEP OUT OF THE REACH OF CHILDREN
CAUTION**

USE ONLY AS DIRECTED PRECAUTIONARY STATEMENTS

Keep container tightly closed. Do not eat or drink while using this product. Wash hands thoroughly after handling. Avoid strong oxidizers. Dispose of in accordance with local, regional, federal, or international regulations as specified.
